"I was suffering from female weakness, a disagreeable drain on my system, and a general debility throughout the time. I dragged around in that way for two years, then I began taking your medicine, and in a very short time I was feeling much better. I took four bottles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Dietetics,' and one of 'The New Dispensary.' I bought a bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your good advice and the good your medicine has done me."

"Favorite Prescription" makes weak women strong, sick women well. And can't you substitute for the medicine which works wonders for weak women.

Entered at the Seymour, Indiana Postoffice as Second-class Matter.

SATURDAY, DECEMBER 27, 1902

The salaried politicians at Washington City nominated a republican candidate for governor a few days ago, and after that they began looking around for a democratic candidate for governor and finally centered on Bob Miers and nominated him. All the two parties in Indiana will have to do in 1904 will be to meet and ratify these nominations. How very clever are the salaried politicians of Washington!

It is said that a bill will be introduced at the next Legislature asking for an appropriation for another State normal school for Indiana. Will some one kindly tell us why the taxpayers of Indiana should be further burdened with an additional expense (and it would be immense) to support an institution of this kind when the State already has a school at Terre Haute and the University at Bloomington. The trustees of the former school contend—and wisely too—that only a little part of the big appropriation asked would put an addition to their institution that would accommodate 300 more students. In other words they argue that the State should complete the present schools before establishing another.

If money is to be expended for State institutions, let it be applied to the ones it now has and make them the best in the country.—Osgood Journal

This announcement that Great Britain and Germany have agreed to submit the Venezuela question to arbitration by The Hague tribunal will be received by the American people with genuine satisfaction. The present situation is a strained one, and would grow more dangerous the longer it is continued. The suggestion that President Roosevelt act as arbitrator was not altogether satisfactory. While it was complimentary to him, and was doubtless so intended, it contained possibilities of entanglement which the people did not like, and might have proved an embarrassing precedent. The present decision is satisfactory from every point of view. It is another triumph for the principle of arbitration, a new recognition of The Hague tribunal and a diplomatic victory for the United States. No doubt, also, it is a great relief for the President. Altogether it is a happy deliverance from an embarrassing complication.—Indianapolis Journal.

Mysterious Assault.
Evansville, Ind., Dec. 27.—William White, a molder, was stabbed in the back while returning from his work, and before assistance came he nearly bled to death. His assailant is unknown.

A Ruffianly Assault.
Royal Center, Ind., Dec. 27.—A gang attacked the home of Oliver Hand, editor of the Royal Center Record, and Nicholas Hall, and bombarded them with eggs. Hand and Hall recently took an active part in defeating applicants for saloon license.

Brain Strain.
A French investigator has come to the conclusion that the brains of military men give out most quickly. He states that out of every 100,000 men of the army or naval profession 100 are hopeless lunatics. Of the liberal professions artists are the first to succumb to the brain strain, next the lawyers, followed at some distance by doctors, clergy, literary men and civil servants. Striking an average of this group, 177 go mad to each 100,000.—London Express.

Difficulties of Our Language.
A Frenchman came to England to learn English, and the following sentence was given him:
"The rough cough and hicough plough me through." The teacher told him the first word was pronounced ruff. He thereupon said: "The ruff cough and hicough pluff me thruff."
"No, no, the second word is pronounced 'koff'."
"Then," said the Frenchman, "it must be the ruff koff and hicough pluff me thruff."
The third, fourth and fifth words were explained with the same result, which the reader may repeat for himself.—London Express.

Timely.

GOLDEN CALIFORNIA.

D. W. Johnson Writes Interesting ly of that Pacific State.

The following letter from D. W. Johnson who left here a few weeks ago for California to visit his son, Lieut. E. V. Johnson, though not written for publication, will be read with interest by Mr. Johnson's many friends. It was a private letter to J. D. Thompson.

REDDING, CAL., Dec. 21, 1902.

DEAR SIR AND COMRADE:

I promised you before I left that I would write you when I reached the "wild and woolly west." I have been here nearly four weeks and have hardly been able to get around. The trip was very hard on me. I was four days and five nights on the road and the constant jar and motion of the car proved too much for me. I am much better now and hope to be all right soon.

Redding is a very pretty place of about 5,000 population, situated in a bend of the Sacramento river. The Cascade range of mountains circle around the place from the southeast to the southwest. There is a valley south to the Pacific ocean. Mt. Shasta is north of town and is nearly 15,000 feet high. Mt. Lassen is due east and is nearly as high. Both are extinct volcanoes and are covered with snow the entire year. Just west of us is a high mountain called "Old Baldy."

This (Shasta) county is the great mining district of California. Gold, silver, copper and iron are mined in large quantities. My boy lives just west of town on a hill something over 100 feet above the town. A road runs past the house to the mines.

Nearly every day I see prospectors going to hunt gold. They generally have some little donkeys (burros, they call them) and you ought to see the loads they pile on the little midgets—tents, clothing, cooking utensils and other supplies. Under the load the little donkey is hid from view except his long ears and his stump tail.

Redding is strictly a mining town. Everyone is supported directly or indirectly by the mines. Some splendid buildings here. Fine houses as large as the New Lynn and a new one larger than the Lynn and a Jonas both. Fine school houses and stores and about a hundred magnificent saloons and five or six little churches.

There are no Sunday laws here. I went to church this morning and as I passed through town I could see no difference between Sunday and Monday. The music was screaming away in the saloons and I saw a fight in front of one. The miners come to town with a supply of gold dust and they have a time. Almost every step you take you see signs, reading: "Drink Silver Sneaf Whiskey," or "Mountain Dew," but no advice to drink water. I think the Salvation Army ought to send a division of well drilled soldiers, all tried and true veterans, or the devil will capture every one of them.

This place is 200 miles north of San Francisco. It is not a farming country but great for fruit. Strange as it may seem fruit does better here than in the south part of the state and ripens earlier. The orange trees are now hanging full of fruit. Lemons, figs, olives, almonds and English walnuts are plentiful. Roses and all kinds of flowers are blooming now. As I went to church I stopped several times to look at the flowers.

Game is abundant—squirrels, quail, wild geese and ducks are found at every meat market and deer and bear can be had most any time. Everything is very high, about double what it is in Seymour. I do not know how well I will like this place as I have not been around much. I am going to San Francisco tomorrow to spend the holidays.

With kind regards and best wishes for all the friends, I am,

Fraternally Yours,

D. W. Johnson.

CARS LEFT TRACK.

Hammond, Ind., Dec. 27.—The Indianapolis Limited on the Monon was partially wrecked south of Hammond yesterday afternoon. Two baggage coaches left the track. The damage was heavy, but no one was injured.

Recovery Doubtful.

Peru, Ind., Dec. 27.—Dr. Henry V. Passage, who served four terms in the legislature from Miami county, was stricken with paralysis while attending a patient at the county farm yesterday. His recovery is doubtful.

A FAVORED TOWN

South Bend Has An Embarrassment of Philanthropic Citizens.

NEW Y. M. C. A. QUARTERS

Two Handsome Propositions Were Tendered Which Was One More Than Could Be Used.

To Relieve the Situation Mr. Studebaker Withdrew In Favor of Mr. Oliver.

South Bend, Ind., Dec. 27.—Christmas day two propositions were received by the local Y. M. C. A. for new quarters. J. M. Studebaker, the wagon manufacturer, offered his old home, occupied by the Indiana club, and \$15,000, all to the value of \$60,000, while James Oliver, the plow manufacturer, offered to erect a building that would be a credit to the city, a memorial to his deceased wife. The directors found themselves in an embarrassing situation which was relieved by Mr. Studebaker withdrawing in favor of Mr. Oliver.

LORY TALKS

Klondike King Denies the Charge of Embezzlement.
Petersburg, Ind., Dec. 27.—Frank C. Lory, "the Klondike King," is confined to his home by illness. He did not know of Governor Durbin honoring a requisition for him from Clinton, Ill., until he read of it in the newspapers. "I do not know how I could have embezzled \$100,000 from the Dominion Gold Mining company," he said. "The company never had in excess of \$17,540."

Lory showed receipts which he said were for every cent of the company's money he had handled. He said the charge was only a scheme to "decree" him out of money. He said that as soon as he is able to travel he will be glad to go to Illinois without a requisition. He says he has but two lawsuits against him that are unsettled. One is pending at Indianapolis and the other at Chicago. Neither, he says, amounts to anything.

Noise Torn Off.

Linton, Ind., Dec. 27.—Rail C. Hannum, a liveryman, had his nose torn off. While getting out of his carriage he put his hand on a wild horse and the animal began to kick. Hannum grabbed for the lines and fell on the frozen ground. His face struck the sharp edge of the carriage bed and his nose was severed from his face and left hanging by a mere thread. It was sewed on and will probably grow.

Renewed Old Quarrel.

Shoals, Ind., Dec. 27.—O. A. Hawkins, a merchant, and Merin Ray met in Main street, when an old quarrel was renewed. Ray knocked Hawkins down twice, when Hawkins cut his assailant three times with a pocket-knife. One cut was between the ribs and the wound may result fatally. Hawkins surrendered and was released on bond.

Frozen to Death.

Logansport, Ind., Dec. 27.—George Sines, seventy years old, an inmate of the Cass county infirmary, was found frozen to death in the snow beside the institution. A week ago another aged inmate of the same institution met death in the same manner.

Tore Down Saloon.

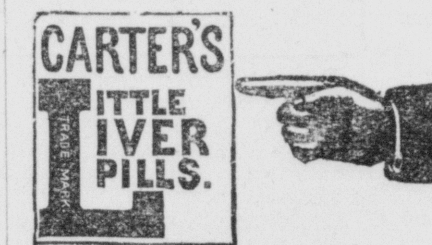

Evansville, Ind., Dec. 27.—Matt and George Schele, brothers, made an attack on a suburban saloon and nearly tore down the building. The men were overpowered and sent to jail.

Deadly Cigarettes.

Noblesville, Ind., Dec. 27.—The son of Levi Hammer is dead from the effects of cigarette smoking. He began smoking two years ago and continued incessantly since until his death. He was twenty years old.

Corn Shredder Accident.

Salem, Ind., Dec. 27.—Oris Zink, one of the well-known young men of the county, had his left hand torn off by a corn shredder yesterday.

MOB'S FEARFUL CRIME

An Innocent Man Was Lynched At Pittsburg, Kansas.
Pittsburg, Kan., Dec. 27.—Investigation tends to show that Joe Godley, a brother of Montgomery Godley, who was lynched by a mob here Christmas day for killing Policeman Hinkle, is the man the mob intended to hang. It seems that Joe Godley escaped during the lynching. It is now thought that Joe Godley fired the shot which killed the policeman and that the man who was lynched was innocent. The mother of the Godley boys is said to have asked a physician here to treat Joe for a gunshot wound in the neck. She would not tell the whereabouts of her son, and the doctor refused to go with her. The officer's revolver, with which he was killed, has not been found, and it is thought the man who did the killing has the pistol in his pocket.

A BRAZEN SCHEME

Postoffice Authorities Expose a Black-mailing Game.
Defiance, Ohio, Dec. 27.—At least 200 letters from a collection agency in New York have come through the local postoffice to Defiance people. The letters state that the recipient had received a year previous a certain amount of jewelry from a New York firm and that unless the sum due was remitted suit would be instituted. Many of these letters were addressed to persons dead or who had long since moved away. The postoffice, inspectors notified the local postmaster instructing him to advise the recipients that the scheme was blackmail.

Mascagni Under Arrest.

Chicago, Dec. 27.—Signor Pietro Mascagni, the Italian composer who abandoned his American trip while playing in Chicago last week, was placed under arrest last night on a charge of embezzlement by his former manager, Richard Heard. When Mascagni decided to return to Italy he had no further use for his American manager and discharged him. Heard asserts that his contract called for \$5,000 and tried to collect that amount. Mascagni refused to pay Heard any such sum and the arrest followed. Mascagni was allowed to remain at the Auditorium hotel, where he is living, the house detectives agreeing to be responsible for his appearance in court.

Guard at McKinley's Tomb.

Cincinnati, Dec. 27.—Lieutenants Reeco and Inglehart, with two sergeants and four corporals and thirty privates of Company M, Third U. S. Infantry, left Fort Thomas yesterday for Canton, O., where they will serve as the special guard around McKinley's tomb. They relieved a detachment of the Fourteenth Infantry.

Kentucky Tragedy.

Grayson, Ky., Dec. 27.—Thos. Frilly was shot and killed and his wife was dangerously wounded by Clyde and Claude Hall near Branigan in Carter county. Mrs. Frilly was shot while she was trying to prevent the killing of her husband. The Hall brothers have surrendered. They claim the shooting was in self-defense.

A STORMY MONTH.

January Will Give Us an Abundance of Blizzards.

Rev. Irl R. Hicks, whose prognostications are watched with interest, has the following to say regarding January weather:

The storm diagram shows that a Mercury period is central the 6th, covering the 1st to the 13th. A rapid rise of the barometer, high northwesterly winds, snow drifts and a cold wave may be looked for about the 1st to the 3rd.

About the 4th, it will grow much warmer, beginning in the west, and during the 4th to about the 8th, heavy winter storms of rain, snow and sleet will pass in regular order from western to eastern parts of our continent. Very general and damaging sleet storms will be a marked characteristic of these storms, followed from the west and north by driving, blizzardous snow, rising barometer and very cold in western and northwestern sections. Look for severe and general cold over most parts of the country from about the 7th to 11th, progressively, of course, not with the same degree of cold everywhere during all that time. Watch for the wave to hit your section some time between the 7th and 11th, and do not be disappointed if the north pole is not dumped into your yard every day from the 7th to 11th. On and touching the 12th and 13th, the prevailing cold will moderate, winds will shift to southerly. Look for another sharp and decided cold wave immediately on the heels of storms central on the 12th and 13th. The next regular storm period is central on the 17th, reaching from the 15th to the 20th. From about Saturday the 17th, to Tuesday the 20th, the storms of this period will reach their culminating crisis in all central to eastern parts of the country.

Not only for your own financial interests, but for the sake of all the higher sentiments of mercy and humanity take some thought and make some outlay for the proper sheltering and feeding of the poor, dumb brutes, whose lives and well being are entirely in your hands.

About the 22nd to 24th, look for some moderation of the prevailing cold, with falling barometer, growing cloudiness and return of rain and snow in wide sections.

The last storm period for the month extends from the 27th to the 31st, being central on the 29th. New moon falls on the 28th, a fact that will hasten the change back to very marked storm conditions.

Water Pipes Let Go.

By the explosion of hot water pipes in the residence of the Rev. W. E. Morris at Franklin Friday morning, Mrs. Morris, wife of the secretary of Franklin college, was seriously and perhaps fatally injured. The accident was a very peculiar one. Thursday night the Rev. Mr. Morris turned off the water but it appears that some water remained in the pipes, and this becoming heated Friday morning steam was generated and a terrific explosion resulted. The force of the explosion almost entirely wrecked the rear of the residence, and for a while the building was threatened by fire.

Mrs. Morris was hurled against the opposite wall and was found later by her husband in an unconscious condition. Such accidents will tend to make people more skeptical about the safety of such heating plants.

Buskirk a Railroad Builder.

Judge Thomas B. Buskirk, of Paoli, and B. T. Jepp, of Indianapolis, president and secretary of the New Albany, Paoli and French Lick Valley Traction Company, accepted the ordinance passed by the New Albany Common Council and gave the \$2,000 bond assuring the city that the work will begin on or before a certain specified time and will be completed and running cars by a certain fixed date. The engineers' corps of the company, now engaged in surveying the line, will reach Paoli this evening, and will complete the survey to French Lick by the latter part of next week.—Courier Journal.

Railroad Rumblings.

Samuel Crowe, who has been a freight engineer on the Pennsylvania road for many years, has been promoted to a passenger train, and his run will be to Logansport from Louisville.

According to the Railroad Gazette, railroad building in the United States for 1902 aggregated 6,026 miles, a total not exceeded in any year since 1888. Second track, sidings and electric lines are not included. Oklahoma leads with 570 miles of new line. Texas comes second with 496 miles. Arkansas is third with 371 miles and Indian Territory fourth with 363 miles.

The various railroad organizations of the state will make a demand on the coming legislature, which they intend to enforce with all the influence they can bring to bear, for the enactment of a law providing for train inspectors in Indiana. A bill to this effect will be offered early in the session and a hard fight will be made by the labor unions for its passage. The state has already provided for the inspection of factories to see that they are kept as the laws provide.

MANY THOUSANDS CURED OF CATARRH.

Remarkable Cures Made by Pe-ru-na North and South.

MISS BLANCHE MYERS

Miss Blanche Myers, 3120 Penn street, Kansas City, Mo., a society belle of that city writes:

"During each of the past four seasons I have caught a severe cold when suddenly chilled after an evening party, and a most unpleasant catarrh lasting for several weeks would be the result.

"Last winter my brother advised me to try Peruna, as one of his club friends had been cured of a bad case of catarrh by using it. He procured me a bottle and I was much pleased to find that one bottle cured me. I shall not dread colds any more so long as I can procure Peruna."—MISS BLANCHE MYERS.

Peruna cures catarrh wherever located, with the same surety and promptness. There are no substitutes for Peruna.

Miss Hattie Becker, secretary of the Goethe Club, of Racine, Wis., writes:

"A short time ago I got my feet wet, and a cold settled on my lungs which nothing seemed to remove. Our family physician tried extracts, powders and pills, but I kept getting worse until my brother advised me to try Peruna and purchased a bottle for me.

"It acted like a charm and in a week I was like my old self once more; in fact I felt stronger and had a better appetite than I have ever had before. Peruna will have a welcome place in our medicine chest, as the whole family believes in it."—Hattie Becker.

Peruna is an internal remedy—a

scientific remedy for catarrh. It cures catarrh wherever located. Its cures last. Peruna gives strength by stopping waste.

By saving the mucus it enriches the blood.

By cleansing the mucous membranes it preserves the vital forces.

A constant drain of mucus from the system is known as systemic catarrh. This may occur from any organ of the body.

Peruna stops this waste by curing the catarrhal condition of the mucous membrane, no matter which organ may be affected. Peruna cures catarrh wherever located.

Mrs. Mary Cook, Pittsford, N. Y., also says:

"I was not very well for six years, paid many doctor bills, but never improved very much. Two years ago I was attacked with la grippe, which left me with a severe liver trouble. I gave up hope of ever recovering. Peruna cured me. I feel young again, and am gaining in flesh, as I was very emaciated. My own children are surprised in the great change in me when they come to visit me. We have made your Peruna our household remedy."—Mrs. Mary Cook.

Congressman H. Henry Powers of Vermont, writes from Morrisville, Vt.: "Peruna I have used in my family with success. I can recommend it as an excellent family remedy, and very good for coughs, colds and catarrhal affections."—H. Henry Powers.

Hon. John H. Gear, United States Senator from Iowa, writes:

"Peruna I can recommend to all as a very good tonic, and particularly good as a remedy for catarrh."—John H. Gear. Senator Gear's home address is Burlington, Iowa.

Mr. O. Fisher, 1861 Lexington avenue, New York City, writes:

"I had catarrh and was troubled with a constant dropping from the back part of the nose into the throat, and a horrible breath. Also severe hoarseness and yellow discharge from the nose; but I haven't the slightest trouble now of those complaints, and I honestly and conscientiously state that I am cured of catarrh of the nose and throat.

"If there is anyway I can state it more positively I am only too glad to do so, and I am willing, very willing, to lend any aid in my power in helping you to induce sufferers to give Peruna a trial.

"My wife is also taking Peruna, and it is helping her wonderfully. She has improved considerably since taking Peruna. She feels fifty per cent better than she has in years, for all of which I am very thankful, as she was extremely nervous, had systemic catarrh, and thin blood."—O. Fisher.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Blatchley Leads Ticket.

The total vote at the November election, which has been compiled and verified by the secretary of state, shows that State-geologist Blatchley received the largest plurality, 35,875. Charles Miller, for attorney-general, received one vote less.

Deafness Cannot be Cured.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; noises cease out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness [caused by catarrh] that cannot be cured by Hall's Catarrh Cure. Sent for circulars free.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

How Can I Keep Up with the Times?

IT is pretty hard to keep well informed on the political news, the scientific news, the literary news, the educational movements, the great business developments, the hundreds of interesting and valuable articles in the hundreds of excellent magazines. About the only way it can be done by the average busy man and woman is to read a magazine like "The Review of Reviews," and, as it is the only magazine of the sort, it is a good thing to send \$2.50 for a year's subscription.

PRESIDENT ROOSEVELT says:
"I know that through its columns views have been presented to me that I could not otherwise have had access to; because all earnest and thoughtful men, no matter how widely their ideas diverge, are given free utterance in its columns."

EX-PRESIDENT GROVER CLEVELAND says:
"I consider it a very valuable addition to my library."

WEAK LUNGS

Weak lungs are mostly due to a neglected cough. Only a small part of the millions who have consumption inherit it. A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no ending except the grave.

Any case of consumption that is curable; that is, any one having consumption whose family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure.

This famous remedy does not pass immediately into the stomach, but lingers long in the throat, chest and lungs, producing the following results:

- (1) Relieves the cough.
- (2) Makes the breathing easy.
- (3) Cuts out the phlegm.
- (4) Draws out the inflammation.
- (5) Kills the germs (microbes) of disease.
- (6) Strengthens the mucous membranes.
- (7) Clears the head.
- (8) Relieves the feverish conditions.
- (9) Removes every cause of the cough and the pain in the lungs.
- (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections.

CONSUMPTION CURED.

"My physician told me one year ago that I would die of consumption inside of a year. I commenced taking One Minute Cough Cure for my lung trouble and it cured me. I have gained 20 pounds and I am a pretty live, 'dead' woman." MARY F. SULLIVAN, Grand Rapids, Mich.

Pleasant to the taste. Good for Children. Good for every body. For Coughs, Colds, Croup, Whooping Cough, Bronchitis, Asthma, Pneumonia and all Throat and Lung troubles no remedy is so good as

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and staiding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Home of Swamp-Root, Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake but ber the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Great Story of Standard Oil

"Miss Tarbell's work is of unequalled importance as a document of the day. Her story has live men in it; they suffer and work and win and lose their battles with the verisimilitude that removes the tale from the dry statement and clothes it with the color of human interest and the vivid rainbow garment of human sympathy." The results of her work are likely to be far-reaching; she is writing unfinished history."—Boston Globe.

The council of the city of Seymour would please the farmers in some part of the county very much if they would grant the franchise which the farmers are asking for. They can get no accommodations through the old telephone company and therefore have no connection with Seymour.

A Good Cough Medicine.

From the Gazette, Toowoomba, Australia. I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. WOCKNER. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by C. W. Milhous' drug store.

HOW ITS BACKED.

Undoubted Reliability is Expressed in Seymour Indorsement.

What you want is home indorsement. The backing of people you know. Seymour proof for Seymour people. That's what follows here.

Surely no better backing can be had than the following statement from Mrs. Jane Combs, of Cincinnati Ave. says: "I procured Doan's Kidney Pills from C. W. Milhous drug store. Two members of my family suffered greatly from their back and kidney and insisted on their taking a course of the treatment. They did so and were soon benefited. I also used the remedy myself with good results. Doan's Kidney Pills strengthen the kidneys, remove backache and banish annoyances arising from difficulty with the kidney secretions. I recommend them heartily to others in need of a reliable kidney remedy."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doans and take no other.

Tragedy Over Ten Cents.

Brazil, Ind., Dec. 27.—There was a murder in a saloon at Perth in the north part of the county Christmas night. Thomas Sutherland and John Blanchard were drinking and quarreled over who should pay for 10 cents worth of beer. They took off their coats and began to fight. Sam Blanchard went to the aid of his brother with a revolver, but was held by others until he promised to behave himself. After the fight ended Sam Blanchard was released, and he shot Sutherland twice near the heart. The murdered man's father and brother were near when the shooting occurred, but Blanchard escaped from the saloon, caught a Big Four freight train and is still at large.

Gasoline Let Go.

Stoughtonville, O., Dec. 27.—Near the Glickrist coal works across the Ohio river, an Austrian woman living in a houseboat tried to start her stove with gasoline. An explosion followed and she was burned to death. Her husband and boarders escaped from the boat, but were unable to secure her body. One of the boarders, an Austrian, went back after money he had hidden and was killed by powder exploding he had stored there.

Railway Extension.

Chicago, Dec. 27.—According to the Railroad Gazette for 1902 aggregated 6,026 miles, a total not exceeded in any year since 1883. Second track, sidings and electric lines are not included. Oklahoma leads with 570 miles of new line. Texas comes second with 496 miles. Arkansas is third with 371 miles, and Indian Territory fourth with 363 miles.

Rounds out the holly places; smooths out lines that creep about one's face; roots roses back to faded cheeks. That's what Rocky Mountain Tea does. 35 cts. W. F. Peters, Drug Co.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

NEARLY ALL OF INDIANA'S SUCCESSFUL FARMERS

Business Men and Home Folks Read The Indianapolis Journal.

IT IS THE BEST ALWAYS

Because it is a splendid representative American morning newspaper, carefully edited, clean, bright and able, a wise counselor for old or young, patriotic and national from end to end. Because it is accurate and fully reliable. Time spent reading the Journal is never wasted. The matter is so well arranged that you always know just where to find what you want. Then, too, you feel that you can believe what you read in the Journal without a doubt.

Because it gives, by actual comparison, more reliable news than any other Indiana paper. It is an 8 to 12-page paper every week day; 29 to 32 on Sunday.

Because it prints the most complete and accurate Market Reports. Full Associated Press Markets, with special wires to New York, Chicago, Buffalo and Louisville. Highest, lowest, opening and closing bids on Stocks and Bonds. Representative sales and Indianapolis Market.

Afternoon papers are printed too early to get full market reports. Make comparisons and see. The Journal reaches you early in the morning with fresh and reliable information with which to proceed to your day's business. Because it prints an abstract of every Indiana Supreme and Appellate Court decision. Also all local court news and many important court decisions handed down in the field. He keeps you thoroughly informed on all National affairs, and often has special signed letters.

Because it carries the full reports of the Associated Press, with cables all over the world. Because it has a special correspondent in every Indiana town of size. All important happenings are promptly chronicled.

Because it has a special department of farm news. Because it prints a better sporting page than any other Indiana paper. Because it prints all those features dear to the heart of most women. It leads in forecasting changes of fashion, in society matters, court robes and other subjects of interest to good housekeepers.

Because it prints every class of news that any other paper circulating in Indiana prints, and much more than most of them.

Because it does not use cartoons and illustrations merely as space fillers—good and poor indiscriminately—as do many papers. Good cartoons and illustrations are used moderately.

Because it does not print vile or offensive news or advertising matter. The majority of patent medicine advertisements, with their awful illustrations, are considered objectionable, and are not admitted.

Because it is Republican and conservative, and gives no undue editorial editorial columns. The news columns give the truthful, impartial facts. Because it costs only 10 cents a week (Sunday 5 cents extra), and puts before you fresh, clean news of the city, State and country up to the hour of going to press.
